

XCM™ Solution Comparison

Accounting professionals have similar workflow management challenges, but small firms may have different technology needs. That's why XCM offers three solutions - **XCMessential™**, **XCMessential™ Plus**, and **XCM™** - to offer firms a gradual step up to a full workflow management system.

With **XCMessential**, sole practitioners and small firms with little to no IT infrastructure can start benefitting today from remote access, integration with Windows® Explorer, simplified due date monitoring and tracking, process automation, real-time work management, enhanced client service, and centralized knowledge management. As your firm's needs expand, you can easily upgrade to the **XCMessential Plus** or the full version of **XCM**, empowering you to easily and efficiently manage all types of work paperlessly.

Determine which solution is right for you:

XCMessential™ - \$95/month*	XCMessential™ Plus - \$150/month*	XCM™ **
